That Commerce and Industry Are Paralyzed.

BERONA, Italy, via Paris, April 26-Despatches from the frontier describing conditions in Trent say that commerce and industry are paralyzed and agriculture is at a standstill because of the lack of workmen, 40,000 having been called to the colors. All horses and oxen have been requisitioned. The lack of sulphate of copper used to kill parasites which infest the mulberry trees has seriously threatened the silkworm industry, board issues the following statement Austrian military authorities are for the benefit of water patrons: preparations for defense.

> Sunday Morning. The sermon Sunday morning was from the subject. "Spiritual Dynamite" and had to deal with the gift of the Holy Spirit. It was only through the power of the Holy Spirit that success would be accomplished. The message was of such a nature as to inspire the professing Caristian to a greater diligence to make his calling as a witness for Jesus Chrits more sure. A consecration service, held at the close of the sermon, enlisted perhaps 200 people who definitely promised to do active work during the campaign. The evangelist had asked for 100. At the close of the meeting a class of young girls who had previously come out and decided for Christ at Sunday school made a public profession of their faith in-
